

AP World History textbooks for sale:

These former AP WH students purchased the AP WH textbook and would like to sell it to an incoming student for the year 2009-10. The purchase price is to be determined between the seller and the buyer. Students interested in buying a book should contact these students or they can purchase the book on-line. NOTE: It is crucial to get the correct edition. The book used in class is:

***The Earth and Its Peoples: A Global History, 3rd edition Advanced Placement Edition
Edited by Bulliet, Crossley, Headrick, Hirsch, Johnson, Northrup
Copyright 2005***

Students do not need to buy a textbook but they might find it easier since they will be able to highlight and annotate the book.
