

PTO MANAGER SIGN-UP

ATTENTION PARENTS

We would like to communicate to you via email and we need your help.

Please sign up on our Eldorado K-8 email system.

Eldorado is going LIVE with a software program that will enable the school and teachers to send out grade specific, class specific or SCHOOL WIDE email. To be included in this incredible program, you must register online at:

www.eldoradok8.ptomanager.com

Once registered, be sure to complete steps 1 and 3. Be sure to also check the box if you wish to NOT be included in the ONLINE DIRECTORY or if you desire NOT to be emailed. These steps are critical to have the necessary info to email you by teacher, grade, class or school.

Middle level teachers will continue to send their weekly email, as well as grade level teachers may send out mid-week reminders for an important event. Otherwise the intention is for families to receive ONE email a week!
