### --Gear Deposit Form--

Please complete this form and return it at the Parent Meeting on February 2, 2009

Warm up jackets are owned by the team and are considered the team uniform like a jersey would be for other sports. The jackets are checked out to team members for use during the boys' swim/dive season. They should only be worn for team events and not everyday wear. The jackets must be returned at the end of the season.

This form must be turned in with a deposit check in the amount of \$100 in order to receive a team warm up jacket. Your check should be made payable to FHS Boys Swimming and Diving. Please write "GEAR DEPOSIT" in the memo line and staple your check to the back of this form in the upper right hand corner as indicated above.

Your deposit check will be destroyed when your warm up jacket is returned and is in good condition. If the warm up jacket is not returned or is damaged, your check will be deposited in the FHS Boys Swimming and Diving activity account to purchase a replacement. **The team will retain the damaged jacket, as you are not purchasing that jacket with your deposit but buying a new jacket; you will not get to keep the damaged jacket.**
