

Dear K-Care Parents

10-2-09

Please find the attached master birthday calendar. On the day your child is scheduled please send 26 treats for the K-care class to share. When looking at this calendar let me know if your child will be out of town for his/her birthday. If your child's birthday has already passed and you would like to celebrate, I would love to put your child on the calendar. If your child's birthday is in the summer I put them in a month with fewer birthdays, with their actual birthday in parentheses. Celebrating birthdays builds community and is very important to a young child I hope you find this calendar useful. Please let me know if I scheduled your child on day they don't come to K-Care or if you just need a different day for your convenience. Thanks, Lea ☺
