

New Traffic Regulations at Aurora 7

Dear Parents,

Please be aware that there are new traffic regulations for the Aurora 7 campus. These new regulations were set by BVSD and the City of Boulder. They are being created for safety reasons.

- **You may no longer make a left turn into the traffic circle in front of Aurora 7.** Please make alternate arrangements to approach the traffic circle from the east. There is now a designated line-up area on Aurora for cars entering the traffic circle from the east. Please be aware that this is now a signed, City of Boulder traffic regulation
- **There is no parking on the north side of the street between the parking lot and the traffic circle.** This will allow cars entering the traffic circle from the east to line up safely.
- **The only area in which a child should be in the traffic circle is the crosswalk.** Please do not cross the traffic circle outside of the crosswalk. Also, always avoid picking up or dropping off your child from the street-side car door into the traffic circle.

These regulations are being put into place due to safety concerns in the front of our school. Please be aware that City of Boulder Traffic Police may be present before and after school in order to enforce these regulations.

Thank you very much for helping us keep all children safe. We appreciate your understanding and support.

Phil Katsampes
Principal/BCSIS

Rosemary Lohndorf
Principal/High Peaks
