Come join the newly re-established

## Web Team

at

## Fairview High School

### Summary:

Back in the 1990s, Fairview was one of the first schools in the nation to establish a web-presence by registering a domain and hosting a web server. One of the unique aspects of the site was that it was managed almost exclusively by students; they formed a web team, produced artistic web pages, and subsequently won several national awards for best webpages.

Unfortunately, the team was dissolved in 2004 when the district moved to a Micro-soft-based system called SharePoint (not the best), **but ...**

## Fairview has a re-established team!

Several students have been working throughout the year to build a foundation for a new site. Join us for an information meeting to discuss how you might become part of the team, and the launching of Fairview's new public web presence.
