

# Lafayette Elementary's Kindergarten Enrichment Program

## What is the Kindergarten Enrichment Program?

The Kindergarten Enrichment Program is a complement to the BVSD's  $\frac{1}{2}$  Kindergarten class. It provides  $2\frac{1}{2}$  hours of a fun, creative program and a supervised lunch and recess period. The programming is specifically designed for 5-6 year old children

## What is the emphasis or orientation of the program?

We emphasize four key areas:

- Social skills and positive friendships
- Creativity
- Strong problem solving skills
- Self-confidence and a love of learning

The program uses a play-based, developmentally appropriate curriculum. We encourage children to build on their natural curiosity, imagination and thinking abilities. Children are given opportunities to explore their interests and to try new things.
