#### **8. Updates from chairs**

  - ii. Booster Club reps need to let their sports/clubs know the ordering procedure and deadlines.
- b. Cave – Heidi
  - i. The Cave is stocked and have been selling at some volleyball games. The signup to volunteer at the Cave is on the Booster Club website <http://bvsd.org/schools/MonarchHigh/resources/BoosterClub/Pages/default.aspx> workers get \$25 donated to the sport of their choice.

#### **9. Bleacher Update – Susan Sawicki**

- a. These bleachers would be for the home team, on the turf field. It would be ideal to start this project ASAP to make use of the construction workers who are currently at the school and who are paid by the day, whether there is work for them to do or not.
- b. Since graduation currently costs \$14,000/year to rent the Events Center at CU, it makes sense to use that money for permanent bleachers, which would enable MoHi to have graduation at the school.
- c. The City of Louisville donated money for the lights that are now at the field, and may be willing to donate some money toward bleachers. Same for Superior.
- d. Booster Club would be able to donate an amount of money for the bleachers – maybe \$15,000?
- e. We can also look for corporate donations, as well as family or individual donations.
- f. In order to have home football games at this field, we'd also need additions to the lighting system, and a press box, at additional cost. It's believed that we may be able to raise this money.
- g. The whole project would be about \$60k - \$70k, and the press box would be an additional \$15k - \$20k.

**Monthly drawing winner – Poms!**
