Together We Can

33,000

...help EVERY CHILD reach their Potential!

At our NES PTA meeting last night, someone asked the question...

“What’s the benefit of being a member of NES PTA?”

For PTA Membership Deals see the back of this page for listing!

Why Join PTA?

What are the benefits of PTA membership?

There are local unit, state and national benefits for PTA members, but one of the most important membership benefits is showing our children that we care about them and that we are here to support not only our own child, but as a member of PTA we’re helping ALL children receive a better education, simply by being a member.

Locally, NES PTA has been able to make positive changes for our children and school, such as supporting literacy and math programs, field trips, Outdoor Education, Winter Adventure Days, school Assemblies, After School Enrichment, academic tools such as Student workbooks, library books, Listening Centers, Document Cameras and so much more!

It is only through our membership that we are able to make a difference. That’s why you are so important to PTA. Join us and help us advocate for our children.

PTA is the largest child advocacy association in the nation.

With over 5 million members, PTA provides parents and families with a powerful voice to speak on behalf of every child and the best tools to help their children be safe, healthy, and successful - in school and in life.

We have the vision and determination to push for national education policies. We have been a driving force in establishing **school lunch programs, after-school care, immunization programs, school bus safety, and television rating standards, before they became law.**

Today our government relations professionals are addressing the importance of parent involvement, safe and nurturing environments, and support for public schools. And together, with your membership, we can do even more.

Please consider becoming a NES PTA member today!

Time

I don’t have time to join PTA.

PTA appreciates everyone’s membership, whether or not a member volunteers, **because each member increases PTA’s ability to advocate for children.**

Impact

Will my membership have a positive impact, will it benefit my children?

YES! Decades of research shows that when parents are involved students have increased motivation and better self-esteem.

Cost

PTA membership is one of the most cost-effective investments parents can make in their children’s education and school. **For \$10, parents can help improve their children’s school experiences. PTA members are better connected to their schools, are better informed, and have access to money-saving discounts and benefits.**

NES PTA launches new **"Business for PTA"** program to encourage business support of PTA and the children of our community. As a business neighbor of Nederland Elementary School, we invite all businesses to become a partner of NES PTA. "Business for PTA" is a special class of membership, which promotes a different kind of involvement than traditional PTA memberships. "Business for PTA" contributions are tax deductible. For more information on the Business for PTA information, please contact one of our PTA officers or membership chair, Tana Cohen.
