Skills you will gain in this program:

- Hardware repair
- Software
- Help desk concepts
- Networking
- Maintenance
- Imaging
- CompTIA A+
- Leadership
- Interview skills
- Resumes

Is This Program Right For You?

If you like working with computers, upgrading computers, and learning about how they work, then this is the program for you.

Come learn the impact computers have on our lives today and how they will impact us in the future.

In this program, you also have the great opportunity to touch someone's life in a positive way. We are partnered with the Jared Polis Foundation and C3. We obtain computers for them, get them working properly by refurbishing and imaging them, and then we donate them to families in need.

Join us for fun, hand-on manipulation of technology and leadership skills in computers that will be vital to your future.

Careers that graduates may pursue in this field:

- Hardware Technician
- Computer Programmer
- Network Technician
- System Administrator
- Computer Systems Analyst
- Database Administrator
- IT Director
- Project Manager
- Technical Support Worker
- Help Desk Manager
- Intellectual Property Lawyer
- Market Analyst
- Data Recovery Expert
- Computer Crimes Investigator
