

Bear Creek Parents: Your Feedback is Requested

Is your child on-track to win the Cruger Cup?

The Car-Free Commuting Team would like your input. As you are likely aware, your child's car-free commutes are being tracked within his or her classroom. Hopefully this has made it simpler for most everyone. The system is a bit less scientific than before, though, and sometimes tick marks are not so clear, sometimes kids forget to mark their trips, etc. Thus, we ask that you please take a look at the following class list(s) and confirm that **if your child(ren) is/are included on this list, that they have had car-free commutes EVERY trip they've made to school in this school year, thus far.**

If your child has had car-free commutes EVERY trip to school, then they should be listed here. If they are listed and have not had 100% car-free commutes, they are not in the running for the Cruger Cup, and thus, we'd appreciate your clarification. *We intend to recognize kids who just miss achieving the Cruger Cup, too, so we appreciate your help in making sure we have accurate information.*

If you don't see your child's name in the running, and they should be listed, do let us know!

Remember, Cruger Cup or not, any car-free travel is encouraged!

For families who must drive, we'll recognize your efforts to be car-free — i.e., if you park one block or six blocks away or anywhere in between and walk or scooter, etc. from there, we'll call it a car-free commute!

Note to Mrs. Jenak's AM and PM classes— We know that there are some kids who are on-track for the Cruger Cup. Please let me know if your child should be on this list.
