

# **Opportunities for BHS Instrumental Music Students to earn Money for Music Related Activities**

## **2011/2012 School Year**

The following opportunities are managed by parents in the Instrumental Music Parents Association (IMPA) to provide opportunities for students to earn money to be used for music related activities during their time at Boulder High. We encourage all students and parents to consider participating in one or more of these activities. Parents and students can participate with students earning \$25 per home football and basketball game. All funds earned will be deposited in a student's individual account managed by IMPA and can be used for music lessons, school trips, instrument purchase and repair, concerts, etc. IMPA will review a student's/parent's participation in these opportunities when considering requests for scholarships.

The dates and amounts earned are listed below. We need parents to help with both of these activities in order to ensure their success. Please contact the coordinators and let them know the dates you can help and/or your student can help. **We are still in need of parents to help manage both the Concessions and Wreath & Poinsettia programs.**
