Displaying a Science Fair Project

Dear Parents and Students,

An important part of a good presentation of a science project is the appearance and layout of the information. As a service to you, we can get white, two-ply, self-supporting corrugated boards with slit-scored hinges cut into the back side to form a three panel display. The boards are 36 inches high, and the panels are 12 inches, 24 inches, and 12 inches wide. They cost **\$4.00**.

If you would like to order one of these presentation boards, please return the form below to your child's teacher with a check made out to "Douglass Elementary" for \$4.00 with your Science Fair Project Proposal between December 5 and 9, 2011. *No late orders please!*

Check made out to "Douglass Elementary" for \$4.00

Return the bottom of this page with your order.

Check made out to "Douglass Elementary" for \$4.00

Yes, I would like a presentation board. I have enclosed a \$4.00 check.
