The Broadway (Pine to Iris) Reconstruction Project is more than half way complete. As part of the final stretch, significant utility upgrades will be made at the intersection of Broadway and Iris Avenue. To decrease the overall community impact, work will be completed on two separate date periods:

The weekend of March 5-8

Beginning at 7 p.m. on Friday, March 5 through 6 a.m. on Monday, March 8

The week of Spring Break March 19-28

Beginning at 7 p.m. on Friday, March 19 through 6 a.m. on Sunday, March 28

Detours

A comprehensive detour plan using area arterial and collector routes will be in place during this work. Advance signage and detours will direct roadway users to other north-south routes such 19th Street (in addition to advance signage near Folsom, 28th, 30th streets) and other east-west routes such as Balsam and Violet avenues.

Closures

Iris Avenue between Broadway and the west side of 13th Street will have a full time closure during both work periods.

Full time lane reductions on Broadway:

- The weekend of March 5-8, the outside northbound lane of Broadway will be closed between the North Boulder Rec Center and Juniper Avenue.
- The week of Spring Break March 19-28, Broadway will be reduced to one lane of traffic in each direction between Balsam and Juniper avenues.
